MOTORISTS FIGHT CONGESTION

Another member for the new Share-The-Road Club! This young lady is receiving the attractive metal emblem which is fastened over each car's rear license plate. The marine signal flags mean "I am sharing the road" and the club was organized by Shell Oil Company to help reduce traffic congestion and the cost of stop-and-go driving.

ANTI-TRAFFIC LAW VIOLATION CRUSADE LAUNCHED BY SHELL

A national crusade against traffic violations which cause congestion, loss of time, increased motoring expense and many accidents, is being launched this week by Shell dealers throughout coast newspapers, according to Shell Oil Company's local manager, A. R. Boyer.

A Share-The Road Club is being organized among motorists who will pledge themselves to help improve driving manners. Shell dealers are supplying, free of charge, a metal emblem to be attached above the rear license plate, showing three marine signal flags in color against a golden background. In the maritime code, these flags mean "Am giving way"—in other words, "I am sharing the road."

The purpose of the crusade is to reduce the number of traffic violations by "screwdrivers." A screwdriver, according to the Shell local manager, is the fellow who forgets all about common courtesy when he gets behind the wheel.

All motorists who want to aid in this crusade are invited to "show their colors" by getting a free emblem at the station of any Shell dealer.

Real Estate Sign Ordinance in Effect

Redwood City's real estate sign ordinance, adopted by the city council last month, became effective Wednesday.

City Manager C. L. Dimmitt said the ordinance requires each agent to secure a permit from the building inspector before placing a sign on any lot. Payment of a $2.50 fee is required. Size of the sign is restricted to 18 by 24 inches.

He pointed out that builders and owners of homes or business concerns are not affected by the ordinance, in that they may place the same size sign to advertise sale of the building.

More than 1200 registered bulls were placed in Louisiana during 1938 in the state's livestock improvement program.

Radio ownership on the farm is 13 per cent less than in the city but the farmers use their sets relatively more.

MENLO PARK NEWS NOTES

SEEK FUNDS FOR GYM

MENLO PARK, Mar. 10 — The Alumni Association of St. Joseph's School has started a drive to raise $6000 to be used in erecting a gymnasium at the parochial school. Over $500 was collected in the first three days of the drive this week. It is believed that the sum will be subscribed within the month.

It is a worthy cause, for the institution is sorely in need of the gym. Friends and former students are rallying with enthusiasm with funds to swell the amount required. The committee is receiving checks amounting to $100 and upwards. Nonations may be left with L. L. Johnson at the Bank of America.

Preparations for Founders' Day celebration are progressing nicely and all arrangements are nearly completed for the big historic affair. Each fraternal society in town has candidates for judge and sheriff to serve from Mar. 20 to 26. Judge Ryan and Captain Kearney will relinquish their respective municipal duties for that period, leaving them with the officials to be chosen by the local organizations. The Menlo Park Historical Society has nominated D. E. O'Keefe as judge and Patrick Kearney as sheriff. The men's club of St. Joseph's Alumni Association has named Joseph Horn, judge, and Warren (Kipp) Morey, sheriff. The American Legion will appoint its representatives at a meeting to be held this evening. All candidates are to be voted upon next week.

Miss Carmel O'Keefe was the weekend guest of Mrs. Kismo Ovelen, Piedmont. Accompanied by Professor Ovelen, the young ladies attended the Golden Gate International Exposition on Sunday.

Wild pigeons were so numerous lately on the grounds of Corpus Christi Monastery that the birds had to be driven away by herders. They were lured by newly sown grain and would have devoured all of it had not the men intervened.

James Murray, who died suddenly Thursday, was buried from the Church of the Nativity Saturday where a solemn high mass was said for the repose of his soul. Murray was born in Menlo Park 42 years ago. He leaves a wife and two small sons. Murray was a highly respected citizen, beloved by all who knew him.

A riot took place Tuesday evening in front of a theater in Los Angeles in which Miss Aileen O'Brien, a nurse who served with the Spanish rebel forces, was delivering a speech. Loyalists sympathetic to the cause in Spain made the trouble. Miss O'Brien was born and raised in Menlo Park. In her teens she went to Spain to serve in Franco's army. Last year her lecture in Palo Alto was largely attended by friends and schoolmates in Menlo Park. Miss O'Brien is a talented young woman and has bravely fought for the cause she believes is right.

Captain Alexander returned from the East Coast last week after an absence of two years and is with his family on Roble Ave. The captain has completed his required time with the U. S. Navy and is ready for retirement. The captain has been in nearly every portion of the world with Uncle Sam's ships. He will now enjoy a safe landing in his beautiful home in one of the most beautiful cities of the Peninsula. Captain Alexander is still a young man and has many years ahead of him to enjoy the fruits of his labors.

The rainfall for Tuesday night and early Wednesday morning was .30 inch, making a total of 8.75 inches for the season. The rainfall at this time last year was over 15 inches.

The Menlo Park players will give a performance in the Palo Alto Theater on Middlefield Rd. on the afternoon of Mar. 19. Local and imported talent will take part. It will be a first class show that will please the most fastidious. The proceeds will go to the nuns of Corpus Christi Monastery.

Just right after Lent a prominent young couple of this city are to wed. You would be surprised if you knew.

Isabelle Weeden Lindquist, 26th District American Legion Hospital chairman, recently presented the following program at the Palo Alto Vetcrans' Facility: Armando Etioli and his $1000 accordion which he uses in accordion solos and to accompany himself in the vocal solos he sings at the Italian concession on Treasure Island; Miss Marjory and Miss Dorothy Kuenstler in a novelty dance number entitled Satan's Holiday; Wilgrate Mohrann, box dance, and Lewis Kelly, soft shoe dance. June Robertson sang several soprano solos.

The many Menlo Park friends of Comm. Charles Stocker of Belle Haven Post, American Legion, are glad to see him around again after being in Fort Miley Hospital since the middle of December.

The local squadron, Sons of the Legion, made a personal appearance at the Veterans' Facility Sunday night to see the picture "Sons of the Legion." John Cook, captain of the Menlo Park squadron, whose brother, Billy, plays a leading part in the picture, gave the audience a short talk about his brother's life in Hollywood. Billy is a charter member of the local squadron. Morton Cook, Sons of the Legion chairman; Floyd Bartges, adjutant of the local post; Frank Ellis, commander and 26th District Sergeant-at-Arms Whitney were also introduced by 26th District Hospital Chairman Isabelle Weeden Lindquist.

The regular meeting of Menlo Park Juniors of American Legion Post 443 was held in Legion Hall last night

Nearly 1,500,000 American farm homes had electric service early in 1939 and the number was increasing at the rate of 200,000 a year.

A cow producing four gallons of milk a day needs 16 to 20 gallons of water.

'NEWSBOYS' HOME' AT REDWOOD

Scene from Jackie's Cooper's latest triumph, "Newsboys' Home," with Edmund Lowe, Wendy Barrie, Edward Norris and The Little Tough Guys. Also on the same program, "Strange Faces," with Andy Devine, Frank Jenks and Dorothea Kent.

Garden Books Put on Display

In observance of Garden Book Week, March 5 to 11, the local Public library has on display the following books, and many others, of special interest to garden lovers:

Gardening in General

McLaren, Gardening in California; Mitchell, From a Sunset Garden; Taylor, Garden Dictionary; Wilder, Garden in Color.

Special Types of Gardening

Armer, Cactus; Bailey, Pruning Manual; Barron, Lawn Making; Bottomley, Art of Home Landscape; Byne, Spanish Gardens and Patios; Correvon, Rock Gardens and Alpine Plants; McFarland, Roses of the World in Color; McKenney, Wild Garden; McLean, Gladiolus Book; Ransey, Garden Pool; Sherlock, Vegetable Gardener's How Book; Wickson, California Fruits; Wister, Bulbs for American Gardens.

Garden History, Travel and Literature

Baker, Country Man's Year; Fairchild, World Was My Garden; Nichols, Down the Garden Path; Wright, Story of Gardening.

Flower Arrangement

Biddle, How to Arrange Flowers; Cary, Arranging Flowers Throughout the Year; Conway, Flowers: East-West.

Son, Daughter Given Mrs. Schwerin Estate

Mary Ellicott Schwerin, widow of Richard P. Schwerin, the former shipping magnate and active San Mateo civic leader, left her entire estate, share and share alike, to her son and daughter.

The son, Richard DeCantillon Schwerin, San Francisco sportsman and business man, filed the petition here for letters of administration and for probate of his mother's will.

The daughter is Mrs. Arabella Huntington Schwerin Leib, San Mateo.

Pigott Returns From Goodyear Meeting

Barney Pigott was home today from the Goodyear Centennial and Home Coming at Akron, Ohio.

Pigott was one of 2100 Goodyear Tire & Rubber Co. representatives from all over the world who gathered at Akron for the company's third home coming.

Feature of the four-day program was the dedication of a bronze statue of Charles Goodyear, the Yankee inventor who discovered the secret of vulcanization 100 year ago. The entire home coming, which marked the Goodyear company's 40th anniversary, was dedicated to the memory of Mr. Goodyear, whose name the company bears.

Pigott witnessed the dedication of the Goodyear statue, which was presented to the City of Akron by President P. W. Litchfield. It is the centerpiece of a new civic mall, created across frmo Akron's City Hall.

Pigott also attended the World's Fair of Rubber, a comprehensive rubber display which depicted through use of dioramas and animated displays the vast ramifications of rubber's present application to the field of transportation.

County Commission Slashes Budget–$18

Harbinger of economy in San Mateo County government, the recreation commission has approved a budget of $8950 for 1939-40 and sent it to Executive Frederick Peterson for confirmation. The total was $18 less than this year's. Included is an item of $6300 to continue the WPA park development project.

The commission approved a proposed tree-planting ordinance, and terms of an easement to Guadalupe Canal, Brisbane, for the lagoon park there.

'HONOLULU' AT SEQUOIA SAT.

With Eleanor Powell offering a series of new and brilliant dances against the exotic background of Hawaii, with Robert Young in a rib-tickling as well as romantic dual role, and with the sensationally popular comedy team of Burns and Allen adding to the uproar, "Honolulu," M-G-M's new concoction of music, mirth and melody, opens Saturday at the Sequoia Theater as one of the first of 1939's big movie hits.

The story deals with a screen star who wants a vacation to get away from fame. At an "opening night" he is told that the crowd has surrounded a man who resembles him, demanding his autograph. This inspires the star to arrange an exchange of personalities with his double and the deal is on.

On board ship bound for Honolulu, the Hollywood man meets a cabaret dancer and falls for her. Then, in Honolulu, he discovers that he has come into the difficulties of his double, including a charge of embezzlement and a fiancee. The confusion is straightened out when the double is persuaded to come back to the island.

Life of Dewey Told Sons of USWV Here

With veterans from all parts of the Peninsula in attendance, the Sons of United Spanish-American War Veterans, Adm. George Dewey Camp 118, Monday heard C. J. Dutreaux of San Francisco tell of personal experiences enjoyed with Admiral Dewey. Dutreaux, who served with Dewey in the Battle of Manilla Aug. 13, 1898, showed slides of the Spanish-American War, both on land and sea, and pictures of the Philippine Insurrection.

He presented the camp with a condensed history book about the war and a picture of Admiral Dewey.

R. C. MAYOR'S PROCLAMATION URGES CONSERVATION WEEK OBSERVANCE

In connection with California Conservation Week, now being observed, Mayor Louis C. Christensen of Redwood City has issued the following proclamation:

Whereas, the California Conservacation Council, organized to promote conservation education and encourage co-operation in conservation effort, is entering its fourth year in this endeavor; and it has set aside the week of Mar. 7 to 14, 1939, as California Conservation Week, and

Whereas, the California Conservation Council was organized to lend its best efforts to educate our people both young and old to the realization that unless we start to practice real conservation and stop misuse, waste, and destruction of our natural resources, it won't be long before our own beautiful State of California will be as desolate as some as the states that are now spilling their agricultural population into our borders;

Now therefore be it resolved that we should bring to the attention of our people that it is high time we, as the users and custodians of our natural resources, give thought to the future welfare of our state in order that this glorious heritage, California, will always be a good place to live in.

Be it further resolved that I, as mayor of the City of Redwood City, do proclaim the week of Mar. 7 to 14 as Conservation Week, in order to bring to the minds of our people the need of immediate conservation effort.

The magnificent pompadours of the Gibson Girl era were possible by the use of "rats" made from cattle hair and the tails and manes of wild horses.

Council Gives Plan Approval

Easter Sunrise Services at Emerald Lake Bowl Apr. 9 will again le sponsored by the Redwood City Ministerial Union, aided by a citizens committee to be appointed by Mayor Louis C. Christensen, the council decided Monday night when the proposal for such an arrangement was made by the Rev. W. J. Owen, secretary of the ministerial group.

At suggestion of County Fire Warden B. L. Werder, who is state chairman of county committees for Conservation Week, the council designed the period Mar. 7-14 as Conservation Week in order "to educate our people . . . to the realization that unless we start to practice real conservation and stop mis-use, waste and destruction of our natural resources, it won't be long before our own beautiful State of California will be as desolate as some of the states that are now spilling their agricultural population into our borders."

DOG ORDINANCE PASSES

The amendment to the pound ordinance making it unlawful to keep more than two dogs over three months of age at any home inside the city was adopted unanimously. It will become effective in 30 days. The amendment provides that of the two dogs, only one may be a female.

The council, on recommendation of Police Chief Collins, recommended that the State Board of Equalization reject an application for a liquor license for 2015 El Camino Real.

Request contained in a petition that stop signs be placed at the Hudson St.-Roosevelt Ave. intersection was referred for action to City Manager Dimmitt and Police Chief Collins.

BID ON LOT ACCEPTED

Bid of William D. Macdonald of $700 for Lots 23 and 24, Block 7, Central Park — property recently repossessed by the city—was accepted.

Payment of $583.18 on a $656.54 delinquency on Lot 16, Block 20, Eagle Hill Addition, was accepted because the accumulated delinquencies and penalties exceeded the value of the property.

City Attorney Mansfield reported to the council that the owner of a dilapidated building at 331 Heller St. had promised to raze it.

The council confirmed the assessment roll for the Quartz St. and Avenue del Ora street improvement project.

No action was taken on L. E. Bostwick's proposal that a game refuge be created in the vicinity of the yacht harbor due to expense involved. As suggested by Bostwick in his letter to the council, the game warden was ordered commended for his efficiency in preventing shooting of ducks there.

Faced with a cotton problem of its own, Egypt formed an advisory council of cabinet members, growers, merchants and spinners.

Automobile owners paid $29,122,-420 in taxes in Florida during the fiscal year of 1938.

Applications Distributed

California Physicians' Service, a plan to provide the benefits of medical, hospital and surgical care to wage earners at the lowest possible cost, was launched Monday when licensed doctors of medicine in Redwood City and elsewhere throughout the state received application blanks for membership.

California Physicians' Service, a non-profit corporation, will offer the public a group payment plan whereby employed or other groups of persons by making small monthly payments can have medical, surgical and hospital bills paid. It is the outgrowth of 10 years of study by the California Medical Association.

STATE OFFICES OPENED

State headquarters have been opened at 220 Montgomery St., San Francisco. District headquarters throughout the state will be opened as rapidly as organization can be completed.

Similar plans successfully operated in the United States during recent years were studied by a committee which reported the California Physicians' Service plan as embodying the best provisions of each.

So that residents of California becoming beneficiary members may receive professional services by the physicians of their choice, application blanks were delivered to the 10,000 licensed doctors of medicine in the state. Arrangements are progressing with existing non-profit hospital associations, which have offered co-operation, to permit personal choice of hospitals by patients.

FORMED BY C.M.A.

The House of Delegates of the California Medical Association, by overwhelming vote, caused formation of and authorized advance of money to start the movement. California Physicians' Service, however, is not a part of the California Medical Association. All doctors who become professional members of the Service will elect the administrative members.

The first board of trustees and officers are: Dr. Ray Lyman Wilbur, president of Stanford University, who is president; Dr. C. Kelly Canelo, San Jose, vice president; Dr. Lowell S. Goin, Los Angeles, vice president; Dr. Alson R. Kilgore, San Francisco, secretary-treasurer; Dr. T. Henshaw Kelly, San Francisco, assistant secretary-treasurer; Dr. Samuel Ayres Jr., Los Angeles and Dr. W. Earl Mitchell, Berkeley; Dr. Morton R. Gibbons Sr., San Francisco, medical director. Allen W. Widenham is general manager.

Green, Lewis Sent Wires

Representatives of organized labor from San Mateo and four other counties in the Eighth Congressional District moved for labor peace when they met in a district labor legislation conference in San Jose Sunday.

Telegrams were ordered sent to President Roosevelt, commending him for his efforts to bring the AFL and CIO together. Further peace moves were asked in telegrams sent to Secretary of Labor Perkins and to Presidents William Green and John L. Lewis of the warring factions.

The 75 delegates, explaining they represented about 125,000 voters of the district, declared that peace is the wish of the rank and file of labor.

Speakers discussed national and state legislation affecting labor.

Delegates showed approval of the proposed creation of a state youth commission and insisted something be done to improve health conditions in camps of transient workers.

The next meeting is set for Santa Cruz Apr. 2.

NATURE'S WAY TO HEALTH

Recommending Yee & Ko
Chinese Herbs
FOR BLEEDING BOWELS

Tacoma, Wash.
June 2, 1936.

Yee & Ko Herb Co.

Dear Sirs: I am writing this letter to tell you how much your herbs have helped me.

I have been suffering from Bleeding Bowels and was continuously passing blood for quite a while. I have tried many other medicines, which did not help me.

Finally I took my neighbor's advice to come to you. After taking the first two doses of your herbs I noticed that my passing blood gradually reduced, and after I had finished my week's treatment, I was completely recovered from my ailment.

I am writing this to testify the benefit which I received from your medicine, and now I gladly recommend Yee & Ko herbs to anyone who suffers.

Yours truly,
CHARLES WUERCH,
2517 South 15th Street, Tacoma, Wash.

WHAT WE HAVE DONE FOR OTHERS WE CAN DO FOR YOU

On the basis of early 1939 prices the sale of cream alone from one good dairy cow, fed on home grown feeds, would bring a southern farmer as much money as a bale of cotton in a year's time.

ANY WOMAN *who irons well by hand*

QUICKLY becomes an EXPERT with an ELECTRIC IRONER

Your dealer will teach you in your home

Sit down and take it easy on IRONING DAY. It is a fact that women who use an electric ironer look forward to ironing day. It is fun for them to sit comfortably and whisk sheets, pillow cases, towels through an ironing machine. ☆ Even fancy garments with sleeves or frills are ironed in a fraction of the time that back-breaking hand ironing demands. ☆ Hard to learn? Not at all. Any woman who irons well by hand quickly becomes an expert with an ironing machine. ☆ How to learn? Right now your electric dealer will arrange for an expert instructor to teach you the easy leisure method of machine ironing right in your home and on your own laundry. ☆ Decide now to finish your Monday washing the machine way—with an electric ironer. Save your time, your energy, and your nerves. See your electric ironer dealer today!

Definite Figures On Recreation Center Sought

Last week the Redwood City Recreation Advisory Committee, through its chairman, Wayne R. Millington, asked to be made an official commission with some duties and authority.

Today it not only had assurance of the city council that its request would be granted in full but that to it would be assigned the task of bringing in a definite recommendation for purchase of a site and its development into a recreation center.

The action was taken by the council Monday night after further discussion of the center, during which various opinions were expressed as to the best site for the project and it was brought out that no definite price had been fixed on the location on Broadway at Spring St. recommended by the Lions Club committee.

SIMILAR TO PLANNERS

Transformation of the advisory committee, appointed by City Manager C. L. Dimmitt more than a year ago to advise him, into a commission similar in scope to the planning commission will be made by resolution at the council's Mar. 20 meeting, it was decided.

The resolution will be prepared meantime to incorporate ideas suggested by the Council and to meet approval of the eight commissioners themselves. In general, the commission will (1) consider matters like the recreation center which are referred to it and (2) initiate movement it deems appropriate. It still will have advisory powers only, but will be responsible to the council. It was on motion of Councilman Evans A. Fletcher, second of Paul A. McCarthy, that the council voted without dissent to create such a commission.

MANY ATTEND SESSION

That interest in the recreation project is high was shown by the fact that some 55 persons attended the council meeting, 40 of them leaving after the center had been disposed of for the evening. All appeared in favor of the project, but some preferred other sites.

Councilman Robert N. Jones urged enlargement of Hawes Park, on Roosevelt Ave., so that a hardball diamond could be constructed there. A member of the audience who did not identify himself urged some site other than the Broadway location for the center, reasoning that it was all right for a baseball field but not for swimming pool and other features. Dave L. Walter, realtor, urged development of the block bounded by Warren, Allerton, Samson and Alden Sts. in Mezesville as a playground area, but councilmen explained that the elementary school board had tentatively selected it as a school site.

Upshot of considerable discussion which got no further than that of the week previous was the decision to await formation of the recreation commission and have it submit a definite recommendation, giving exact size of location desired, the site chosen, with an alternate if possible, and its cheapest cost.

"I think this is too important a measure for us to make any mistake in," Councilman McCarthy declared as he apparently sounded the keynote of the council's opinion.

Councilman Harold F. Anderson, who suggested referring the project to the new commission, declared: "I think this is a big thing. It means a lot to plan for the future. I think the commission should make a definite recommendation. I don't see how we can take definite action tonight."

Although famed as a mining state, Colorado's principal activity is agriculture.

United States Steel will have a $250,000 exhibit at the San Francisco fair.

A course in welding will be held during the Spring quarter at Oklahoma University.

ANOTHER STORE WILL BE BUILT NEAR RAILROAD

Another major building project for the heart of Redwood City's business district was assured today when Martin Stelling Jr. of San Francisco announced plans to start construction within two weeks on a structure adjacent to the new Woolworth Building on Broadway, near the Southern Pacific railroad tracks.

Stelling, San Francisco operator, recently purchased the 100x68-foot property from Henry A. Beeger, owner of the Woolworth structure. Transfer of the property is being prepared by the San Mateo County Title Co.

The new building will cover the entire lot, with the 68-foot frontage on Broadway, Stelling said. There still remains one parcel adjacent to the tracks with a 50-foot frontage on Broadway.

Total amount of his investment, including purchase of the property and anticipated cost of the building, will be about $75,000, Stelling said.

Plans for the structure are now being prepared by Earl B. Bertz, San Francisco architect. Bids for construction will be sought soon, Stelling said.

Negotiations are under way for lease of the building, which will be divided to suit the tenants, the owner explained. The building will be one-story of reinforced concrete, modern construction. Completion is expected in about 60 days after start of the project.

The building will be the third large structure erected within the block during the past year. Besides the new Woolworth Building, a store was erected across the street by Marco Dondero which houses half a dozen businesses.

Twenty-year-old Prince Charming, owned by a plantation near Aiken, S. C., was said in 1939 to be the oldest registered Hereford bull in the world.

Blue mold, a tobacco plant bed disease, made its appearance in Florida for the first time in 1939.

Wisconsin was the first state to pass a law governing the use of electric fences for farm animals.

"Don't Pay Me One Penny Until You Have Worn My Plates for 30 Days"

No Money Down

Dr. Campbell prefers that you see and wear your plates before you pay for them by using his no money down easy payment plan. Dr. Campbell has made hundreds of plates without one penny down, and finds that patients are delighted with this policy as most people like to see and wear their plates before paying. There is no extra charge for credit, same price as cash.
(This offer applies to plate work)
These are our finest Plates. We have none better, no matter how much you pay us. NOW! Same low prices as our inexpensive rubber plates.

DU PONT
REG. U.S. PATENT OFF.
DENTAL PLATE

MATERIAL . . . so like Nature's own gums your closest friend can't tell. Plate material developed by world-famous du Pont Laboratories NOW HERE! This beautiful, moist appearing du Pont material is odorless, tasteless . . . yet with all its daintiness it is made to stand the roughest use. The light weight of du Pont or "*Realistic*" plate material (usually less than 1 ounce) makes it possible for Dr. Campbell to fashion a plate which will fill out your cheeks, so desirable for a youthful appearance.

PLATE REPAIRS

There's no need of buying a new plate when your old plate can be made to fit tight and look like new. Use DR. CAMPBELL'S dental laboratories for your next plate repair.

Dr. Campbell's FINEST Most Beautiful Dental Plates . . .

Made in Dr. Campbell's own laboratories. Each NATURAL shaded PORCELAIN tooth is set in the NATURAL gum-pink plate material as if it were growing there. They are so like one's own natural, healthy teeth and gums that your closest friend would never know the difference. These plates are thin, light weight (less than one ounce) and very dainty, yet they are made to stand the ROUGHEST USE.
